

What It Is To Burn

Finch

She burns

Today's on fire, the sky is bleeding above me
And I am blistered, I walk these lines of blasphemy

Every day and still

Like a bad star, I'm falling faster down to her
She's the only one who knows what it is to burn
I feel diseased, is there no sympathy from the sun?

The sky's still fire but I am safe in here
From the world outside

So tell me, what's the price to pay for glory?

Like a bad star, I'm falling faster down to her
She's the only one who knows what it is to burn

Today is fire and she burns, today is fire
And she burns, she burns, she burns, she burns

She burns, she burns, she burns

Like a bad star, I'm falling faster down to her
She's the only one who knows what it is to burn
