Interlude

TGT

I hope you like the strong types
I'm on my way, it's gon be crazy
Get lost inside of you tonight
I've been waiting too damn long
Can't wait to make you love me

I'm so ready so give in to me
I'm committed to perform with ya
Look at you waitin for
And we gon stretch it out to the limit and have you like

[Chorus]
I can be a million $ man
I can give it to yo body on the stairs and be like
Every time that we touch you get a lesson in love
I swear every time that we touch
I'm giving you this lesson in love

Uh girl keep me warm with your fire
I can be the long for your fire
We going to war tonight
First and second tonight

I'm so ready so give in to me
I'm committed to perform with ya
Look at you waitin for
And we gon stretch it out to the limit and have you like

[Chorus]
I can be a million $ man (I can be that man)
I can give it to yo body on the stairs and be like
Every time that we touch you get a lesson in love
I'm a show you things you didn't know
Give you things you've never had before
I swear every time that we touch
I'm giving you this lesson in love

Throw a mill up my waist
I'm what you missin in love
This treasure I got, trust me girl it's enough

Get up on me like you ain't been touched in a while
Arch your back, throw it back
I just may tear it down like
When I leave you gon still be shakin
Finally felt the most amazing oh oh oh oh
We gon stretch it out to the limit

[Chorus]
I can be a million $ man (I can be what you want me to be)
I can give it to yo body on the stairs and be like
Every time that we touch you get a lesson in love
I swear every time that we touch
I'm giving you this lesson in love

Giving you this lesson in love
