

No Other Way

[Ray LaMontagne](#)

I will bring you Starlight by the barrow
I will bring you Roses by the score
There's no other way
There's no other way
There's no other way
Meet me in the Twilight by the seaside
Meet me underneath the Willow's fall
There's no other way
There's no other way
There's no other way
There's no other way
(I can see through you can see through me)
I'm all black and white like empty paper
Waiting for you to color me in
There's no other way
There's no other way
There's no other way
