

Dirty Side (feat. Walker Hayes)

Colt Ford

o oow, o o o oow, o o o oow, o o o oow

o oow, o o o oow, o o o oow, o o o oow

I'm thinking bout a perfect girl she gotta have a dirty side.

i'm talking bout four wheels hopping inside my truck with a flirty side

she don't even dust the seat off she's sippin on a yoohoo

then a kiss on my right cheek that's right that's what we do

head out to the field check them trees stands and food plots

a little further back in the trees tailgate talk bout the birds and bees

might even put the boat in and do a little crappie fishin'

I got the motor trolling my girl is happy fishin'

she can catch em skin em fry em what y'all know bout that

pretty good with a shotgun and a bow i'm for sure bout that

all you boys better get you one it'll change your world

aint nothing better than the dirty side of a country girl All my girls out there put your hands so high

If you aint scared to show your dirty side

I love a girl with a dirty side

I got a girl with a dirty side

Yes to my boys out there with me tonight

Lookin for a country girl with a dirty side

I love a girl with a dirty side

Yeh I got a girl with a dirty side (let me hear ya sing)

oh oh, o-oh oh oh, o-oh oh oh, o-oh oh oh

oh oh, o-oh oh oh, o-oh oh oh, o-oh oh oh I'm talkin bout the perfect girl man let em tell ya they everywhere

Stop lookin in magazines head on out to the county fair

Go look in a Walmart down any aisle at the supermarket

Field party on a Friday night pull right up throw it in parking

Look around for the dusty boots, tanned legs cherry lips

Smile that would make jesus blush faded in to make it on her hips

She can change her own oil loves rodeos and football games

She plow her own soil warms your soul when she call your name

She's pretty like her momma got a piece of her daddys tough

Aint scared of a little drama aint scared of a little mud

You better go get you one I guarantee it'll blow your mind

Make sure she got a dirty side you'll understand why I got mine All my girls out there put your hands so high

if you aint scared to show your dirty side

I love a girl with a dirty side

I got a girl with a dirty side

Yes to my boys out there with me tonight

Lookin for a country girl with a dirty side

I love a girl with a dirty side
I got a girl with a dirty side(let me hear ya sing)
oh oh o-oh oh oh o-oh oh oh o-oh oh oh
oh oh o-oh oh oh o-oh oh oh o-oh oh oh Keep your uptown socialite
All I want on a Friday night is a girl with a dirty side
I like a girl with a dirty side
Tore off jeans and dusty boots
Still in touch with them backroad routes
That's a girl with a dirty side
I love a girl with a dirty side All my girls out there put your hands so high
If you aint scared to show your dirty side
I love a girl with a dirty side
I got a girl with a dirty side
To all my boys out there with me tonight
Lookin for a country girl with a dirty side
I love a girl with a dirty side
I got a girl with a dirty side(Let me hear you sing)
ohoh o-oh oh oh o-oh oh oh o-oh oh oh
oh oh o-oh oh oh o-oh oh oh o-oh oh oh
(like a girl with a dirty side)
