## My Jekyll Doesn't Hide

## **Ozzy Osbourne**

Condemned to violence, arrested by pain Inside the soul lies a man insane Conceived in anger, addicted to hate The mutant child of a twisted state Beware the contradiction Beneath the crimson void 'Cos in this world of fiction My jekyll doesn't hide A killer's smile with a psycho star dream Behind the mask things aren't what they seem Unholy soldier, disciple of sin What kind of mind are you living in? You're preaching revolution Don't you mean genocide? Behind this resolution My jekyll doesn't hide Waiting to die for the very first time All right, that's right Waiting to die for the very first time All right, that's right Waiting to die for the very first time I don't give a damn, 'cos I think it's my time Time, my time The symbiosis of murder and lies What do I see looking through your disguise? Fourth Reich dementia subversion ideals God only knows what your secret conceals Who'll be the first offender? Who will be victimized? In your perverse agenda My jekyll doesn't hide
