

Sin of Sins

Play Dead

I'm sorry I'm not in the flow
I'm sorry I'm not on the floor
I never watch the children dance
I never felt this way before I'm not in touch with anyone
I'm set apart from everything
forget it seems the hardest words
when living in the sin of sins There's no escape when living in the sin if sins
There's no escape when living in the sin if sins
sin of sins... sin of sins
The mirror slips and breaks apart
the falling tower is my card
remnants of my sexual role
sin of sins... sin of sins faithful - until my death
faithful - until There's no escape when living in the sin if sins
There's no escape when living in the sin if sins
sin of sins... sin of sins a string of dreams lay tossed aside
I feel my presence left within
I scream and shout but no one hears
when living in the sin of sins
There's no escape when living in the sin if sins
There's no escape when living in the sin if sins
sin of sins... sin of sins we're living in sin --- ha!
