Genocide

BenÃ¼mb

We've been beating cheeks for the better part of our existence
Constantly spreading disease of our humanity

Rotting her... Out

We've been fucking this whore
Mother earth for awhile
She's a filthy bitch anyway [x2]

Rotting her from the inside
Penetrating deeper and deeper every day
We are at our end
So let's continue to move forward and destroy ourselves

Rotting her... Out [x2]

Genocide of all humanity
Genocide of your reality [x2]
