One Last Dance

Badly Drawn Boy

As we lay here tonight
Please forgive me girl if I say the future is not bright
But please take my hand and we'll have one last dance in the place where we first met eyesHoly city zoo
I recall the name of the place where I first saw you
With your eyes so kind
And your smile so bright
I just wanted to take you homeWhere you go I wanna go
What you do I wanna do
I'll be your Troy Donnahue
If you'll be my Sandra DeeIt's a trivial pursuit
But I know if I fall on my heart
I'll be with you
But please understand I am just a man
And I need you to take me homeWe're together now
Wanna change my shoes so I feel like you somehow
Need to breathe your breathe and caress your dress
I'll be with you for quite some timeI'll take you where you wanna go
Tell me where
I wanna know
I will just go with the flow
As long as I'm there with youAre the kids ok
Did they find the time to give the call today
But my hearts with yours
I am keeping score of the things that I have done wrongAnother funeral
All the people I know are beginning to fade away
And I have to say that at least today its beginning to get me downTo this day I'm lovin you
We know what we wanna do
I am your Troy Donnahue
And you are my Sandra DeeNow I know you well
I still love you adore you I need you more than then
With your eyes still kind and your smile so bright
I still want to take you homeAnd I will do all that I can
You're my women I'm your man
And if we still don't have a plan
We'll listen to Thunderoad
