Put Me Back Together Again

Harlan Howard

Now I'm fallin' all apart without you I walk the floor and worry bout you
And I keep the world if you'd walk back in and put me back together again
(Oh baby) put me back together again honey put me back together again
Oh the hands won't turn and the wheels won't spin till you put me back together again
[guitar]
Now I love you honey and you knew it and I don't even know what made you do it
All I know is I'm bluer than I ever been won't you put me back together again
(Oh baby) put me back...
[piano]
Now my troubles started when I met you and there ain't no way I can forget you
So I'm gonna wait here till you walk in and put me back together again
(Oh baby) put me back...
(Oh baby) put me back together again (oh honey) put me back together again
(Oh baby) put me back together again
