Drag You Down

Finger Eleven

Its Bitting, Its Teething, Its Bitting, Im Bleeding.

Its Calling, Its Crawling, Its Calling & Im Falling

[Chorus]

The Perfect Sound Of Mental Ground
Pull me off now before I try to take you down
Someone is to pull me off now before I take you
Take You Drag You Down

It Bitting, There Growing, its bitting & There Growing.

Im Bitting, Im Teething, Im Bitting & Bleeding

[back to Chorus]

Bitting & Teething & Bleeding
Pull Me Off Now Before I try to Take You Down
Someone is to pull me off now
before I take you down
Someone is to pull me off now
before I try to take you down
Someone is to pull me off now
before I try to take you, take you, Drag You Down!
