## KYNAN

When we make love it's hard to tell  
If your dreamin' of me or someone else  
That drunken kiss seems like a lie  
Don't say it's forever and then say goodbye  
Glitter, don't ya leave me  
Please believe me, I only want your love  
Glitter, you're my lover  
I'll have no other girl, I only need your love  
When mornin' comes and the sun shines bright  
You're gonna need someone, someone to treat you right  
So don't walk out when you wake up  
Let's give it a chance girl, give it a shot, give it a shot now  
Glitter, don't deceive me  
Gotta believe me, I only need your love  
Glitter, there's no other  
You're beautiful, I only want you  
This is fine for now, but maybe  
Let's make a baby inside of you  
It's just the time, we gotta find  
I want your name on my tattoo  
You blow my mind, so tell me, I wanna know  
Glitter shines forever  
Forever and ever, I only need your love  
Glitter, lay your head down here  
I'll always be so near, I only want your love  
Here come the, here it comes  
There goes the, there it goes  
Here comes our love again through the window  
There goes the, there it goes  
Here comes the, here it comes  
There goes our love again out the window
