

# Teen Angst (What The World Needs Now)

## Cracker

I don't know what the world may need  
But I'm sure as hell that it starts with me  
And that's a wisdom  
I've laughed at

I don't know what the world may want  
But a good stiff drink it surely don't  
So I think I'll go and fix myself a tall one

'Cause what the world needs now  
Is a new kind of tension  
'Cause the old one just bores me to death

'Cause what the world needs now  
Is another folk singer  
Like I need a hole in my head

I don't know what the world may need  
But a V8 engine's a good start for me  
Think I'll drive and find a place  
To be surly

I don't know what the world may want  
But some words of wisdom could comfort us  
Think I'll leave that up to  
Someone wiser

'Cause what the world needs now  
Are some true words of wisdom  
Like la la la la la la la-la

'Cause what the world needs now  
Is another folk singer  
Like I need a hole in my head

I don't know what the world may need  
And I never grasped your complexities  
I'd be happy just to get  
Your attention

And I don't know what the world may want  
But your long sweet body lying next to mine  
Could certainly  
Raise my spirits

'Cause what the world needs now  
Is a new Frank Sinatra  
So I can get you in bed

'Cause what the world needs now  
Is another folk singer  
Like I need a hole in my head

What the world needs now  
What the world needs now  
Is a new Frank Sinatra so I can get you in bed

What the world needs now  
What the world needs now  
Is another folk singer like I need a hole in my head
