

Write Me a Letter

The DeFranco Family

If you won't take my calls
and you won't answer my Knock
There must be something wrong
but, girl, now how can we talk?CHORUS
Why don't you write me a letter?
the sooner the better
All of this uncertainty is really hurtin' meI asked your friends and neighbors
if they'd seen you around
The way they shake their heads
I think you're puttin' me down(Repeat chorus)I left you on Monday, you said everything's fine
I tried to reach you Tuesday on the telephone line
Wednesday through to Friday I've been trying to find
Just exactly what's on your mind(Repeat)I'm lookin' for replacements
for our Saturday date
So use your pen and paper
baby, don't hesitate
