

Raw Caress (Demo Version)

Rage

This time the wind has blown me forwards
From the sick and stinking harvest
I've laid here much too long I feel like an old and restless sailor
With his visions long forgotten
A free will much to strong Raw caress Right then, when darkness fell around me
And my fruits no longer ripened
And end was coming near Returned from a safe self-chosen prison
To a storm that ripped my heart out
And took it far from here Pain and misery left its marks on me
Start again from here
Cold reality needs to be set free
Chances now at hand Life's a raw caress
It's a raw caress
It's a raw caress to me It's a raw caress
It's a raw caress
It's a raw caress to me And now, as I gather up my back bone
To rebuild it even stronger
The clouds break up again It seems even if fortune is tragic
That a sad tale finds an ending
That's reconciled again Pain and misery left its marks on me
Start again from here
Cold reality needs to be set free
Chances now at hand Life's a raw caress
It's a raw caress
It's a raw caress to me It's a raw caress
It's a raw caress
It's a raw caress to me Reach out, the old eternal time waves
Are flowing on and on
Look up, the dawn is soon awaking
There's land in sight again Reach out, the old eternal time waves
Are flowing on and on
Look up, the dawn is soon awaking
There's land in sight again Raw caress Pain and misery left its marks on me
Start again from here
Cold reality needs to be set free
Chances now at hand Life's a raw caress
It's a raw caress
It's a raw caress to me It's a raw caress
It's a raw caress

It's a raw caress to me
Life's a raw caress to me
