

# Crossing the Border

**Kris Kristofferson**

Hey, take it and run, child  
I'll ask you no questions  
We traded our fortunes  
Crossing the border I hope you got lucky  
You needed a change  
I--i made it without you  
Crossing the border We were like a couple of wetbacks running  
Standin' on the banks of some dangerous river  
Lookin' into a brave new country  
Risky business  
Crossing the border Ahhh, you--you doubled my chances  
I--i sure do want your freedom  
I--i'll never forget you  
Crossing the border  
Back when we were out there  
Crossing the border  
Layin' it on the line  
Crossing the border
