

Softly Over

[Yazoo](#)

It's over, there's nothing more to say
Silent comes the night time, end another summers day
I can just remember, or is this the dream that never goes away.[Chorus:]
Understand me, I'm calling,
Understand me, can you hear me call.Night time, surely it's a lie,
No-one ever told me, I just let the chance go by
Wishing there was time enough, you tell me there's no time, but I can try.[Chorus]Speak now, without the
summer light
All the words I should have spoken, when you held me tight
Still I'll keep in calling, till the morning ends another lonely night.[Chorus]I'll be waiting for you hoping, that
someday you'll hear me calling
But there's never any answer, just the echo of the call
