Bomber

Girlschool

Ain't a hope in hell,
Nothing's gonna bring us down,
The way we fly,
Five miles off the ground,
Because we shoot to kill,
And you know we always will,
It's a Bomber, it's a Bomber

Scream a thousand miles,
Feel the black death rising moan,
Because, you know we do it right,
A mission every night,
It's a Bomber, it's a Bomber, it's a Bomber

No night fighter,
Gonna stop us getting through,
Sirens make you shiver,
You bet my aim is true,
Because, you know we aim to please,
Bring you to your knees,
It's a Bomber, it's a Bomber, it's a Bomber
