

# Monsters and Demons

Danny Farrant & Paul Rawson

I donâ€™t wanna run away  
But I donâ€™t have the strength to stay  
I donâ€™t wanna leave this way

Done my time and canâ€™t go on  
I donâ€™t know where I belong  
Must be weak cos I canâ€™t hold on  
The dark has taken over me

Bad things underneath my skin  
I can feel bad things underneath my skin  
Monsters and demons  
I hear monsters and demons  
I can feel bad things underneath my skin

In a basement out of view  
Thatâ€™s where I keep thoughts of you  
But I canâ€™t stop them breaking through  
Youâ€™re not where youâ€™re supposed to be

Starless nights of bible black  
A cold wind blows me down the track  
Iâ€™m moving on ainâ€™t no way back  
The dark has taken over me

Bad things underneath my skin  
I can feel bad things underneath my skin  
Monsters and demons  
I hear monsters and demons  
I can feel bad things underneath my skin

Starless nights of bible black  
A cold wind blows me down the track  
Iâ€™m movin on ainâ€™t no way back  
The dark has taken over me
