I Tried Voodoo Once....

From a Second Story Window

hold your tongues, every one of you
suspend your thoughts
bring forth the lies
LIES
choke on dead hope
within this room, ill end it all
fade out to black, embrace the end
separation (embrace) separation (the end)
the winter wind exposes all
this will be the first day of forever
flee this heartache
I WILL NEVER BE FREE OF YOUR HEX
bring her death, shes falling faster
bring her death slowly
my heart still beats beyond this wreck
her perfume in my nostrils fades away
BRING HER BACK
(rant)
angels faces once reminded me of you
but now you remain forever in black
escape your voice
escape your voice
hold your tongues
EVERY ONE OF YOU
