You Hit the Nail On the Head

Funkadelic

You hit the nail on the headYou hit the nail on the headJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodJust because you win the fight
Don't make you right
Just because you give
Don't make you goodAhh, somebody said, [unverified]
