Don't Let It Slip Away

Glenn Hughes

My brain is automatic
My body, my machine
I don't listen to the static
'Cos I'm somewhere in betweenIt's time to face the music
It's time to make a plan
You know I'm telepathic
I'm you're hoochie, coochie manI can't it let go
No, I can't let it go
And it don't bother me at allSo let me introduce myself
In case you didn't know
That one thing comes before my health
This child has gotta growDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip awayDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip away
Ohh, woh, ohh, wohI'm not tryin' to be reckless
But I am a little vain
I have a kinda weakness
I'm addicted to the painYou can call me papa
Or you can call me G
And I will go the distance
Ohh, you will agreeI can't find a cure
I can't find a cure
And it don't bother me no moreSo let me introduce myself
In case you didn't know
That one thing comes before my health
This child has gotta growDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip awayDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip away
Ohh, woh, ohh, who[Incomprehensible]Don't let it slip
Don't let it slip away
Don't let it slip

Don't let it slip awayDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip away
Yeah, yeah, yeah, yeahDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip awayDon't let it slip
Don't let it slip away
Don't let it slip
Don't let it slip away
Away, away
Away, away
