

# Iron Icon 9

## Helheim

The symbol of sovereignty  
Everlasting malice  
Taste our supremacy  
Feel the final frontBrand this mark  
Remember its power  
Once seduced there's no escape  
The olden Law has taken new formsIt's the icon of everything  
The symbol of pagan unity  
None can change our view  
Withdrawn from the common waysThe beast of a new age  
Crushing everything in their way  
Branded by the icon  
The nine stages that makes us wholeSpew out your hate  
Mock thy new enemy  
Rise up from your comfort and lust  
for something moreWho dares wins I way  
And so it shall be done  
Harvest their withering words  
And throw it back ten times folded[MUSIC: V'gandr]
