

Rhymen' and Stealin'

Beastie Boys

Because Mutiny on the Bounty's what we're all about
Im gonna board your ship and turn it on out
No soft sucker with a parrot on his shoulder
'cause im bad gettin bolder, cold cold gettin colder

Terrorizin suckers on the seven seas
And if you got beef, you get capped in the knees
We got 16 men on a dead man's chest
And i shot those suckers and ill shoot the rest

shh! Snatchin gold chain, vikin pieces of 8
I got your money and your honey and the fly name plate
We got wenches on the benches and bitties with titties

Housin all girlies from city to city
One for all and all for one
Takin out MC's with a big shotgun
all for one and one for all
because the beatsie boys have gone A.W.O.L

Friggin in the riggin man cuttin your throat
Big bitin suckers gettin trown in the moat
We got maidens and wenches man they're on the race
Captain Blighs gonna when we break his face

Chorus
