

# Something

Shakira

Quand tu, quand tu me prends dans tes bras  
Quand je regarde dans tes yeux  
Je vois qu'un dieu existe  
Ce n'est pas dur d'y croire Before I met you, I wasn't terribly lucky  
Every Prince Charming lost charm after twelve  
But then, you came and made the past look so funny  
Put my old sadness to sleep on a shelf If this was meant to be  
Don't condemn me to be free  
And even if we never marry  
I will always love you baby, childishly 'Cause, something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me, that Gods still exist And there's something  
You've got something I can't resist  
Things are what they will be When I look into your eyes  
They say to me that Gods still exist  
You make me believe, you make me believe I love the temperature and smell of your body  
The shape of your lips and the size of your nose  
I love that everything you say, is so funny  
Plus, you're the best kisser that I've ever known You see the way I am  
Without make up, without clothes  
And you accept me like nobody  
And I will always love you baby, with eyes closed 'Cause something  
You've got something I can't resist  
Things are what they will be  
When I look into your eyes  
They say to me that Gods still exist And there's something  
You've got something I can't resist  
Things are what they will be When I look into your eyes  
They say to me that Gods still exist  
You make me believe, you make me believe Quand tu, quand tu me prends dans tes bras  
Quand je regarde dans tes yeux  
Je vois qu'un dieu existe  
Ce n'est pas dur d'y croire There's something I believe  
There's something I believe  
There's something I believe  
I do, you make me believe
