

You Will Be A Hot Dancer

Incubus

Damn, situation's new to me, why?
I see ahead afraid to be himself
I bet he'd to have a little
Encouragement from the opposite
Come that side of the floor, yes
Egg him along, make him feel at ease with himself
Steal his clothes, leave him his shoes
Let's get this marmaduke naked
Everybody help make him feel at ease
Let's get this marmaduke naked
Let's get this marmaduke naked
So lose your head and go to pieces
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Be a hot dancer, so cool
Ooh, now that the basics are down
Converse amongst yourselves
But, keep an eye out for the next complication
In other words grab the next motherfucker marmaduke
Who refuses to subdue to these pelvic ostentations
I can't wait until the syllables bend
Let's get this marmaduke naked
Let's get this marmaduke naked
So lose your head and go to pieces

Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Gonna be a hot dancer
You will be a

A hot dancer son
You will be a
Don't you, don't you make fun of me
Don't you, don't you make fun of me
Well I'm gonna be, gonna be
Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be, gonna be
Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
Well I'm gonna be, gonna be
Be a hot dancer
Don't you, don't you make fun of me
Don't you, don't you make fun of me
Don't you, don't you make fun of me
I'm gonna be a hot dancer
Nah, nah, nah, nah, nah, I'm a hot dancer
Nah, nah, nah, nah, nah, I'm a hot dancer
