

Infamous

Empire Cast

To die for things impossible
Come dream, my cup, it overflows
Right now we face the sunrise of love
Your body closes in on mine
Wishes break in, and justified
Sweet hurricane of love flowing with
The tide Now say you mean, the world to me
Say what you are, it's infamous
It's such a rush, reality
I'm so into you, the things you do
I know it's dangerous, but I believe
A greater love, there'll ever be
I'm hoping, boy, so turn and see
Carry on and on and rock with me
Love is a sport and we're infamous Rise up this moment's drizzling boy
Face time, come back to play and enjoy
My champion, your will always saves the day
Ready to stop and start again
Return to blissful innocence
Go past the places I never shown
She's cast alone I said you mean the world to me
Say what you are, it's infamous
It's such a rush, reality
I'm so into you, the things you do
I know it's dangerous, but I believe
A greater love there'll never be
I'm hoping, boy, so turn to be
Carry on and on and rock with me
Love is a sport and we're infamous Okay, we both got a reputation
Been around since day one
Baby my A-one
Know we have our little days
But yeah
Ain't nothing like our creation
Carry on and on and rock with me
Long as we're rolling it's infamous
I call you bae
So you know that mean
It ain't my last temptation

I know that my feelings is clouded
But baby we can't live without it
Love, no, game
Carry on and on and rock with me
Long as we rolling
It's infamous Now say you mean, the world to me
Say what you are, it's infamous
It's such a rush, reality
I'm so into you, I'm so into you
I know it's dangerous, but I believe
A greater love, there'll never be
I'm hopin', boy, so time to see
Carry on and on and rock with me
Long as it's glowing as long as this moment
We're infamous
