When you pray everything will be fine  
He is always waiting just to hear your prayer  
Just have faith that when you kneel in prayer  
God is standing close to hear  
everything you say when you pray  
When you pray let Him know every everything is okay  
He's waiting just to hear from you  
Hear your prayer  
Just have faith that when you're kneeling  
God is standing close to hear  
Everything you say when you pray  
So just believe  
Just believe when you get down on your knees to tell Him everything  
Just believe  
Heaven's gates will open wide for you  
Just believe  
All your joys and all your sorrows  
You can tell Him anything  
Just believe  
He is specially waiting for you

He is specially waiting for you  
When you pray in faith you  
You need to let go of all stress  
What you need is supply  
When you pray  
When you pray  
And believe His peaceful grace  
Then youâ€™ll start to have reason to rejoice when you pray
