Kewpie Doll

Perry Como

Well I took my baby to the carnival
And I heard that barker yell
Come on and win yourself a pretty kewpie doll
All you gotta do is ring the bellWell I swung the hammer just as hard as I could
And you should've heard the wild applause
When bong went the bell and the man said well
I guess the kewpie doll is yoursI said, give me a doggie or a teddy bear
Or a high school banner for my wall
'Cause I got me a real live kewpie doll
And she's the cutest one of them allThen we walked down the midway till we saw a crowd
And the man said try your skill
Five shots for a quarter, make a duck hit the water
And give your little baby a thrillWell my baby smiled and she kissed me once
And I felt I was nine feet tall
Oh, five shots crashed and five ducks splashed
And the man gave me a kewpie dollI said, give me a doggie or a teddy bear
Or a high school banner for my wall
'Cause I got me a real live kewpie doll
And she's the cutest one of them allThen my baby said, honey let me try my luck
And knock the milk bottles off the shelf
You should've seen this chick, she was a dead eye dick
Hey I couldn't do better myselfAnd then my face got red and my chest swelled up
And my eyes bugged outta my head
'Cause when the prize turned out to be a kewpie doll
This is what my baby saidShe said, give me a doggie or a teddy bear
Or a high school banner for my wall
'Cause I got me a real live kewpie doll
And she's the cutest one of them all
I say she is the cutest one of them all
I say she is the cutest one of them all
She is the cutest one of them all
