

# Ole Man Trouble

**Otis Redding**

Ole man trouble just leave me alone  
Go find you someone else to pick on  
I live my life in doubt you see, now  
Ole man trouble, please stay away from me Oh, how look like I'm down in my luck  
Please send faith to just help pick me up  
I've lived this way for so many years  
Ole man trouble, please wash away all my fears Sometimes, sometime I get a little worried  
Ooh, ole man trouble please, please stay away from me  
Ole man trouble, ole man trouble, oh my  
Ole man, man, man, man, stay away You're nothing but trouble  
Just stay away, stay away, just stay away  
You're nothing but, nothing, nothing, nothing but trouble  
Ole man trouble
