

Truly (The Wise Buddah Club Mix)

Delerium

I know good things, I know bad as well
Any witness of the world will tell
If there is sorrow, then there is beauty and trust
A secret pearl inside the heart of us
So truly, if there is light then I want to see it
Now that I know what I am living for
Truly, if there is joy then I want to feel it
Here in this world is where I want to be
'Cause I can't cry anymore
And there is magic now, under blood red trees
All the sky will scream a mystery
And if we're strangers here, from the day we are born
Why be afraid of freedom if it's yours?
So truly, if there is light then I want to see it
Now that I know what I am living for
Truly, if there is joy then I want to feel it
Here in this world is where I want to be
'Cause I can't cry anymore, I can't cry anymore, I
All the world is calling, calling out my name
All the world is saying it won't be the same
All the sky is showing how it's gonna be
But I'm scared and I'm tired of being like me
All the world is calling, calling out my name
All the world is saying it won't be the same
All the sky is showing how it's gonna be
But I'm scared and I'm tired of being like me
So truly, if there is light then I want to see it
Now that I know what I am living for
Truly, if there is joy then I want to feel it
Here in this world is where I want to be
Truly, if there is joy then I want to feel it
Here in this world is where I want to be
'Cause I can't cry anymore, can't cry anymore
