

# Running From You (Live At the House of Blues)

## Saving Abel

I say goodbye to the rear view mirror  
As a silhouette fades of you  
Well I hope you think that I'll be back someday,  
Someday I'll only be back just to leave you again  
Ooh, I've only come back just to leave you again and again  
I guess I'll never leave I'm running from you  
Can I get any further away?  
It feels like the first time, I've been in love  
If I'm running from you  
Will you follow me down to the end?  
If I fall again, will you say goodbye?  
Will you say goodbye? Yeah yeah I pulled into this town and I'm knocking on your door  
Before the morning sun sets  
On my face as I'm staring at your face  
And today I've only come back just to leave you again  
Ooh, I've only come back just to leave you again and again  
I guess I'll never leave Oh I'm running from you  
Can I get any further away?  
It feels like the first time, I've been in love  
If I'm running from you  
Will you follow me down to the end?  
If I fall again, will you say goodbye?  
Will you say goodbye? Yeah yeah If I stay, you've got to understand  
It's my authority, I can leave if I want  
I'm my own man If I'm running from you  
Can I get any further away?  
It feels the first time, I've been in love  
If I'm running from you  
Will you follow me down to the end?  
If I fall again, will you goodbye?  
Will you say goodbye? Yeah  
Say goodbye? Yeah yeah If I'm running from you
