

The Undeclared

Super Furry Animals

Lies, pollution
Solution, solution I, I lose again
You are the victor, I confess
You are David and Goliath
I'm but the dirt beneath your feet Yes, so shallow, the undefeated
(Lies, pollution, solution)
Yes, so shallow, the undefeated Step, step into my shoes
I'll try and make you understand
I lead my life without a plan
I need no guidance just your patience For so shallow, the undefeated
(Lies, pollution, solution)
Yes, so shallow, the undefeated Every animal has its day
We will chase the phantoms away For so shallow, the undefeated
(Lies, pollution, solution)
Yes, so shallow, the undefeated Yes, so shallow, the undefeated
(Lies, pollution, solution)
Yes, so shallow, the undefeated For so shallow, the undefeated
Yes, so shallow, the undefeated
Yes, so shallow, the undefeated
