Love This

Cosmo Jarvis

If I should see you in the sky
I will look up. I will look up
On Sunday light tll probably ask you shit
You probably heard a million times
How many parts of things I do
Would you consider crimes
I'll ask you which way I should go

Even if you answer
I won't trust you in my soul
I'm only human I watch stories on TV
Thinking in ending
When an ending's all I need

You don't know how much I love this
You don't know how much I love this

So many lines I had to cross
Don't manna belong to a club
With such a lenient boss
Get your ass down here reprimand motor my sins
How can I know reason if no reason's why
I've been How come everyman ain't good?
If it happened over night
Would you retire if you could?
I'll believe in heaven.
I deny myself a death
Dieing keeps me conscious
Of the way I waste my breath

You don't know how much I love this
You don't know how much I love this
You don't know how much I love this
You don't know how much I love this

So you'll tell me how h is
But what if how it is
Does not agree with how I live
Should I admit the path I'm on
Is not the best

Should I join your super highway
Cause you say that it's correct
Just want an answer I can trust
Things I should be doing
Ain't the some as things I must
Tony Soprano is a teacher I respect
He's always been there when I take a nasty step

You don't know how much love this
You don't know how much I love this
You don't know how much I love this
You don't know how much I love this

So I don't think we should confirm
Let's just grab a cup of coffee
Get fair trade if you'd prefer
You'll look at me ways
That I've never looked at you
And I'll step back still wondering
What you're thinking I should do

You don't know how much I love this
You don't know how much I love this
You don't know how much I love this
You don't know how much I love this
