Neglected

Happyville

If these walls could talk, baby what would they say
They've been a witness to all of the pain
I gave you everything I had to give
Now, I'm so empty 'cause you had your fill
You took the life from my face
The more you try to tell me that you changed
The more I feel neglected
If this is how you try to make it up to me
Then let's just end it
I don't, like this feeling any more
I don't, like this feeling
'Cause whenever I'm around you boy
I know that I won't be respected, just neglected
All that I wanted was you by my side
But you walked in front of me all of the while
And all that I ever did was good enough
Well, thank you baby 'cause you made me tough
Now, I can go on my way, on my way
The more you try to tell me that you changed
The more I feel neglected
If this is how you try to make it up to me
Then let's just end it
I don't, like this feeling any more
I don't, like this feeling
'Cause whenever I'm around you boy
I know that I won't be respected, just neglected
I never saw it coming, I should have kept on running
But instead I was there by your side believing all of your lies
How could you neglect me, straight up disrespect me
How could you neglect my love
How could you neglect me, straight up disrespect me
How could you neglect my love
The more you try to tell me that you changed
The more I feel neglected
If this is how you try to make it up to me
Then let's just end it, we need to just end it
I don't, like this feeling any more
I don't, like this feeling
'Cause whenever I'm around you boy

I know that I won't be respected, just neglected
How could you neglect me, straight up disrespect me
How could you neglect my love
How could you neglect me, straight up disrespect me
How could you neglect my love
How could you neglect me, straight up disrespect me
How could you neglect my love
How could you neglect me, straight up disrespect me
How could you neglect my love
