Get this money either way(Verse 1)
I been gettin' this money either way
Got them bitches comin' either way
And this money comin' either way
And I'm money hungry either way
Dreads low, you can't see my face
Eyes low, I can't see the place
I'm smokin' dope, I can't feel my face
That was gone happen either way
I'm gone let that semi spray
A fuck nigga in my way and that's anyway
I'm ridin' Bentley's MIA
My chopper Kimmy K, I nicknamed her Kim Karday
Just bought some semis today
My ning ding went MIA(Hook)(Verse 2)
I remember sellin' coke girl I get booked for shows
'Member sellin' ? but my folks full of those
And alot of guns bitch my room full of those
Either way, you get 8 shots out this ruger nose
She wanna come to my house, I'm like girl no clothes
She wanna smell my guap, I'm like girl yo nose
Bitch what you talmbout, I'm into it with O-we
You don't give me top I'm into it with you
You filmin' it
Smokin' on this loud, you smell me
You ain't smokin' loud, that's filthy
Told my lean-man ? fill me
