Sunny Day

Dave Navarro

It's a sunny day outside
Lovely sunny day outside
Happy butterfly outside
I'm locked up inside
I don't know if I can hear another tale
Of how amazing you can be
I don't know if I can hear another tale
Of how amazing you can be
Such a lovely day outside
(Fairies waiting)
Birds are flying in the sky
(Office meeting)
Perfect temperature outside
(Let's go swimming)
Freezing deep inside
I don't know if I can hear another tale
Of how amazing you can be
I don't think that I have really ever seen
Just how amazing you can be
I met some friends of mine
I used to call them friends
One of them was not so hairy
One of them was not so scary
I ran into a girl I knew before I was on TV
She stopped to get my number
'Cause she said that she was glad to see me
I don't think that I have really ever seen
Just how amazing you can be
I don't think that I have really ever seen
Just how amazing you can be
(I don't think that I have, I don't think that I have)
