

# American Dream

Maxine

Did you know in 1619 there was a law?  
that ordered all of the farmers to grow cannabis hemp  
it was even legal tender they could pay their taxes  
in America for over 200 years  
Back in 1763 you could be put in jail  
if you didn't grow your cannabis hemp for the government  
Some would even risk their lives  
So that they could live so that they could live the American Dream  
Some would even risk their lives  
So that they could live so that they could live the American Dream  
Did you know that Mr. Washington and Mr.  
Thomas Jefferson  
Used to smuggle good hemp seed through the land of Turkey  
It was even a capital offense according to China  
"ma" is actually the earliest name for cannabis  
In the war of 1812 we fought against Great Britain  
So that we could have access to Russian cannabis hemp  
It was even a reason why Napoleon invaded  
War was on the mind of those who knew what it meant  
Some would even risk their lives  
So that they could live so that they could live the American Dream  
Some would even risk their lives  
So that they could live so that they could live the American Dream  
We the People of the United States, in Order  
to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defense,  
promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and  
establish this Constitution for the United States of America.  
Some would even risk their lives  
So that they could live so that they could live the American Dream  
Some would even risk their lives  
So that they could live so that they could live the American Dream
