

What's on Your Radio

The Living End

What's your problem?
What's on your mind?
You're letting everything fall by the wayside
Check the program, stay on the line
The operator will be with you in no time You've got your problems
But I've got mine
Lost transmission inside your mind What's on your radio?
What's on your radio?
What's on your radio?
Where do you wanna go?
What do you wanna know?
What's on your radio?
Radio
What's on your radio? Check the station, tune in the dial
Make sure you're keeping up with all the new styles
You say you find it hard to decide
But you will never know until you try What's the answer?
Fucked if I know
But do you trust
What's on your radio? What's on your radio?
What's on your radio?
What's on your radio?
Where do you wanna go?
What do you wanna know?
What's on your radio?
Radio
What's on your radio? What's on your radio?
What's on your radio?
What's on your radio?
Where do you wanna go?
What do you wanna know?
What's on your radio? What's on your radio?
What's on your radio?
What's on your radio?
Where do you wanna go?
What do you wanna know?
What's on your radio? What's on your radio?
Where do you wanna go?
What's on your radio?

Radio
What's on your radio?
