

What You Need

Inxs

Hey, here is the story

Forget about troubles in life

Don't you know it's not easy?

When you gotta walk upon that lineThat's why you need, oh that's why
This is what you need, I'll give you what you needDon't you get sad and lonely

You need a change from what you do all day

Ain't no sense in all your crying

Pick it up and throw it into shape, ooh yeahThat's why you need, oh that's why

This is what you need, I'll give you what you needThis is what you need, I'll give you what you need

This is what you need, I'll give you what you need

I'll give you what you needHey you, won't you listen?

This is not the end of it all

Don't you see, there is a rhythm?

I'll take you where you really need to beWhat you need, what you need

I'll give it all, I'll give it all, I'll take you

I'll take you where you want to be

That's right
