

# Unleash

## Synchronice

War after war  
the lion roar  
Hell after hell  
Cambodian death bells Scum after scum  
they blot out the sun  
Hill after hills  
in the killing fields No more fear of failure  
No more suffering No more lies,  
I will arise  
From blood-filled rivers  
of my enemies Unleash war  
Unleash my wrath  
Unleash revenge  
Unleash my hell Pig after pig  
the blood runs cold  
Stone after stone  
the kingdom comes Doom after doom  
the fallen ruins  
Hate after hate  
theres no escape Unleash war  
Unleash my wrath  
Unleash revenge  
Unleash my hell No more scars  
of judgement No more tolerance  
No more compromise,  
I stand baptized in fire Unleashing my revenge  
Unleash war  
Unleash my wrath Unleash revenge  
Unleash my hell Fucked up,  
you never ever learn Ive reached the point  
of no return No I cant take it  
anymore Youre borrowing  
the blood I earned From onslaught  
to oblivion Youre never  
taking me alive Victimized, brutalized,  
terrorized, crucified, Crucified In the heavy  
side of life we live Its not how we chose,  
but it is how it fucking is Unleash! Unleash!  
Unleash!
