

Spanish Moss

Smog

Anybody else would tell you
My face is dead
But I say it's a lie There's only one road in
And it's easy
To miss It's surrounded by swamps
With green
Snakey vines. Anybody else would tell you
My face is dead
But I say it's alive There's only one road in
And it's easy
To miss It's surrounded by swamps
With green
Snakey vines. Anybody else would tell you
My face is dead
But I say it's a lie
