

# Shut Your Mouth

## Fanmail

I said you lie, said you lie  
I've heard enough for  
I said you lie, said you lie  
Why don't you shut your mouthI couldn't feel so was it real  
And I said you lie  
Why don't you shut your mouth  
There's got to be some better wayI said you lie, said you lie  
I've heard enough for  
I said you lie said you lie  
Why don't you shut your mouthIt wasn't right to start a fight  
And I said you lie  
Why don't you shut your mouthThere's got to be some better way  
I can't see that far from here  
There's got to be a better way  
I can't see that far from hereI do not like your attitude  
You are being disrespectful  
You need to be taught a lessonThere's got to be some better way  
I can't see that far from here  
There's got to be a better way  
I can't see that far from here
