

# Phoenix (feat. Aundrea Fimbres)

**Dawn Richard**

You wanted me gone  
Like the stars hidden by the glowing sun  
But how does my heart  
Not feel broken from your words that scar  
You hoped I'd be blind  
Didn't want me to see my star shine  
That just ain't right But  
I'll blaze the night sky  
Set flame to the doubt  
I'll fly through the clouds  
I'll rise I'll rise  
Like a phoenix I'll Rise I was alone  
Like I tree with no leaves in the fall  
I tuned when you called  
I looked for "Right" but you left me with me "Wrong"  
So now I see  
The only way to fly is free  
And I'll blaze the night sky  
Set flame to the doubt  
I'll fly through the clouds  
I'll rise I'll rise  
Like a phoenix I'll Rise
