

# Hello Honky Tonk

Mark Chesnutt

How's the world been treatin' you  
Lord how long has it been  
We got some catchin' up to do  
Good to see you my old friend Hello honky tonk long time no see  
Never knew that old jukebox could ever sound so sweet  
How I missed your neon lights they sure are a welcome sight  
Goodbye lonely nights - hello honky tonk I'm glad nobody's patched that hole  
where my head went through the wall  
'Cause I just may head that way again  
Before we reach last call  
Don't guess I was cut out for  
That old domestic life  
When she told me to hit the door  
I hit yours tonight Hello honky tonk long time no see  
Never knew that old jukebox could ever sound so sweet  
How I missed your neon lights they sure are a welcome sight  
Goodbye lonely nights - hello honky tonk
