Shining Star

Star Driver

You're my shining star
That is what you are
There is no one like you, baby
True lies angels everywhere
Everytime you're near
You will always be my baby
Baby when you do the things you do
I wanna be close to you
Kissin' me to feel your every move
Oh oh! Baby I can never say how much
I need your touch
I can't get enough, oh
'Cause you know
What you do, turn me on?
Oh, yeah, yeah
You're my shining star
That is what you are
There is no one like you, baby
Baby yeah, yeah
Angels everywhere
Everytime you're near
You will always be my baby
Oh my my baby
Baby you're as close as close can get
And baby you know I let every single
Part of me be yours, ooh yeah
It doesn't matter if the phone might ring
'Cause I won't hear a thing
When I'm in your arms
'Cause you know
What to do, to turn me on?
Oh baby
You're my shining star
That is what you are
There is no one like you, baby
Baby no, angels everywhere
Everytime you're near
You will always be my baby, baby
I've never been so satisfied

With anything in my entire life
'Cause you are doin' everything so right
Oh, oh baby what? What?
I've never been so satisfied
With anything in my entire life
'Cause you are doin' everything so right
Oh, oh baby dark child Backstreet Boys c'mon
You're my shining star
That is what you are
There is no one like you, baby
Yeah yeah angels everywhere
No one can compare
Everytime you're there
You will always be my baby
You're my shining star
Oh yes you are
That is what you are
There is no one like you
Baby angels everywhere
Everytime you're near
You will always be my baby
You know that I adore you
Wanna be there everyday for you
To satisfy your every needs my baby, baby
You know that I adore you
Wanna be there everyday for you
To satisfy your every needs my baby, baby
You're my shining star
You know that I adore you
Wanna be there everyday for you
That is what you are
Satisfy your every needs my baby, baby
There is no one like you, baby
Baby angels everywhere
You know that I adore you
Everytime you're near
Wanna be there everyday for you
You will always be my baby
Satisfy your every needs my baby, baby
