One Love

Stanley Beckford

When I wake, I see you Lying there on the bathroom floor With foam lips, a black kiss You're dead hero and now myth The way you look so nice We'll save the undead princess I'm anxiously awaiting your arrival now One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love, in your eyes now, look afraid A demon, your ghost eyes Watching me run through our lives A soft look in silence Misery come and find us Well, don't try to stop me I'm headed straight to hell down I want you, I need you now One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid The last night, you were here Your words were so meaningful With reprise we suffer I thought your roots were so fake One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love in your eyes now, look afraid Beyond you and me One love in your eyes

Beyond you and me One love in your eyes Beyond you and me One love
