Flyin'

Regina Spektor

I went flyin' out of my window
I went flyin' out of my windowBeen caught doin' it once or twice
But it feels so real, nice
Oh, it feels so real, niceSaw the earth and I saw the sky
Saw the earth and I saw the skyBeen caught doin' it once or twigh
But it feels so real nigh
Oh, it feels so real nigh
Oh, it feels so real nighWent to school with them boring teachers
Who thought, they was all my preachers
So, I went starin' out of my window
I went starin' out of my windowBeen caught doin' it once or twice
But it feels so real nice
Oh, it feels so real nice
Oh, it feels so real nice
That I might even do it againOne of them took me with him to sleep
Said, not to make a peep
Said, it'll be a secret we keep
So, I didn't make a peepKissed my cheek and rubbed my feet
But his kissin' didn't taste so sweet
Told him I just wanted to sleep
So, he got mad and he got madder
And he got maddest of them allSent me flyin' out of his window
Sent me flyin' out of his window
Not caught once, not caught twiceAnd I've been flyin' ever since
And I've been flyin' in the skies
