

# Keepers of Fate

## Twilight Force

Fire reigned over valleys and vales  
Barriers of might were fading  
Lost, forgotten and sealed,  
The wisdom was drained,  
The emerald paled  
Stormy clouds, shrouding the sunlight  
A star was born, a spark from the stone  
And a bright light shone upon the walls  
A wizard of might, appeared in the night  
Behold the staff of light  
Legends told of the mighty ancient knights  
Once turned to stone  
And awaiting the wizard's return  
Knights of twilight's might  
The spell is broken  
Rise for freedom, march for glory  
Riding the winds to the edge of the world,  
Across the horizon, to eternity  
And the knights of twilight's might;  
Wielding shining starlight  
Guardians of kingdoms, keepers of fate  
A new day dawns over forests and lakes  
Glorious rays of sunlight  
Blue skies and a new horizon,  
Dragons soaring higher  
Prophecies came true,  
The curse was finally broken  
Take my hand, fly away  
To the skies and far beyond  
The wizard of might, shined so bright,  
The kingdom was restored  
Knights of twilight's might  
Knights of twilight's might  
Knights of twilight's might  
The spell is broken  
Rise for freedom, march for glory  
Riding the winds to the edge of the world,  
Across the horizon, to eternity  
And the knights of twilight's might;  
Wielding shining starlight  
Guardians of kingdoms, keepers of fate
