

Leave the Club (ft. Joelle James)

Chris Brown

Chorus:

I'mma make you fall in love, when you leave the club.

All I really want you to do, is scream my name.

And nobody else.. just love me girl!

'Cause you bad.. all by yourself .

Just love me, girl.

Chris Brown:

Who is she? She gotta special type of perfume.

And her bags' Ballenciaga, it's full of tricks. Look at her move.

Damn, I feel guilty . 'Cause I ain't offer her no seat in V.I.P., yet.

Girl, I know you want a drink, just dance for me. You not gonna regret

'Cause I ain't got ones, all I got is hundreds.

Girl, you look so amazing when you do it.

There's no better time to play my music .. for her. (haha, I betcha)

Chorus:

I'mma make you fall in love, when you leave the club.

All I really want you to do, is scream my name.

And nobody else.. just love me girl!

'Cause you bad.. all by yourself.

Just love me, girl.

Joelle James:

I can feel you looking my way. Like my body's all alone, you're in a daze.

Oh, you think you gonna take me home. You know I'm thinking it too?

It's on my mind.

'Cause I ain't got ones, all I got are hundreds. Don't I look so amazing, when I do it?

Why we still wasting time? Let's do it!

Get your car.. (haha, I betcha)

Chorus:

I'mma make you fall in love, when you leave the club (when we leave it).

All I really want you to do, is scream my name (I wanna scream it, baby).

And nobody else.. just love me girl!

'Cause you bad (so bad).. all by yourself.

Just love me, girl (I wanna love you).

Chris & Joelle:

Can you love me? Yes, I can love you.

I want you. Baby, I want you too.

Can you love me? I can love you!

I want you. Yeah!

Yeah, can you love me? I can love you!

Can you love me? Yeah..
Ooh, can you love me?! Yes, I do!
Can you love me...
And baby, we can do it all night.. 'till the morning!
Girl, I'll let you ride... like a rodeo! And when you ready to go, I'm outside.
I got the glasses, I got the liquor.
I got the green, I brought the swishers.
Yeah! We gon' have a good time (yes, we will)!
Chorus:
I'mma make you fall in love, when you leave the club.
All I really want you to do, is scream my name.
And nobody else.. just love me girl!
'Cause you bad.. all by yourself.
Just love me, girl.
