

# Dirty Love (2009 Remastered Version)

## Thunder

I see you walking by  
You've got that faraway look in your eye  
It was only yesterday  
Like a cheap suit you were all over me  
I should know better by now my friend  
Just what I mean to you  
You've been running in and out of my life so long  
I don't want nothing to do with you I don't need your dirty love  
I don't want you touching me  
I don't want your dirty love it's enough  
Trying to live with the memory Na na na na na na na  
Na na na na na na na na Chew me up spit me out  
You turned my whole world inside out  
There's a name for girls like you  
You belong in the gutter I know that you do  
Baby I've had enough lies to last  
The rest of my days on earth  
So now you're gonna get what you deserve I don't need your dirty love  
I don't want you touching me  
I don't want your dirty love it's enough I know there ain't no way I'll stay  
We were gonna break it up someday  
And that day is now, baby I'm getting out  
So don't you cry now sigh now  
'Cos you've been living a lie now when I'm not around
